The editor expects that the journal will receive official notification of the attribution of an impact factor in June or July 2011. The authors typically must pay an [Article Processing Charge \(APC\)](#). “For *Energies* (ISSN 1996-1073), authors are asked to pay a fee of 800 CHF (Swiss Francs) per processed paper, but only if the article is accepted for publication in this journal after peer-review and possible revision of the manuscript. Note that many national and private research funding organizations and universities explicitly cover such fees for articles originated in funded research projects.”
